

The example of `\verb{}` command and `verbatim` environment.

1 `\verb` command

When you want to express your home directory, you can `echo $HOME` variant to display your home directory in your sh script.

`This is 4 space here.`

2 `verbatim` environment

Here is a sh script to determine if on GNU/Linux system.

```
#!/bin/sh
Date='date +%y%m%d'
if [ 'uname' = Linux ]
then
    Mail=/var/spool/mail/edt1023
    Target=/mnt/hd
else
    Mail=/var/mail/edt1023
    Target=/mnt/pub
fi
```
